

I have been a K-LOVE listener in both El Dorado Hills and Sonoma County, CA for the past 10-years. I financially support K-Love because of the positive music and message it provides. I am comfortable listening to K-Love with my 3-year old daughter. I do not feel this way about many stations currently on the radio. I do not feel the content and/or language of most radio stations broadcast in the Sacramento area is appropriate for young children or is something I want to listen to. I believe K-LOVE serves the public interest through its family-friendly positive format.

If the FCC enacts the proposed rule changes to give LPFM a priority over the FM translator service, it is likely that I will not be able to receive a clear signal to K-LOVe either at my home or in my car in the future. K-LOVE provides me and my family music and information that is appropriate for the whole family. I urge the Commission to reject the proposed filing and preserve the current system which maintains priority services to FM translators. Thank you.
